If you would like to be put on our Ambassador roster for grand openings, anniversary events and more, call the chamber. If you know of a business that would benefit from an Ambassadors presentation, please share it with the ARM Team! Involvement with our new Ambassadors team is a great way to network with fellow Chamber members as well as gain valuable exposure with area businesses. Help us spread the good word about all the positive things happening in our Liverpool Area Business community!

. **The Marketing Team** serves as a THINK TANK to assist the Executive Director, the board of Directors, and the other teams in promoting events and activities sponsored by the Chamber. The Marketing team provides enhanced opportunities for communication and — connection, business to business and business to community.

*Dental Health Month facts from the staff at Smiles By Design.*

Did you know that dental health starts before we are born? Teeth start forming at 6 weeks gestation and most babies get their first tooth by the age of 6-8 months. The American Academy of Pediatric Dentists suggest a child have their first dental checkup by age 2. Stressing the importance of dental health at a young age will help prevent future issues and emergencies.

Adults and children should have dental cleanings every 6 months to help with their dental health. It is these appointments that help catch problems while they are small and lower the chances of dental emergencies. The number one cause of tooth loss in adults is periodontal disease which causes bone loss in the jaws. This disease is preventable with regular dental cleanings and is also linked to other overall health problems such as heart disease, diabetes, respiratory diseases, osteoporosis, and rheumatoid arthritis.

Dental offices have taken huge steps during the Covid pandemic to keep their patients and staff safe. Having regular dental checkups is necessary to your overall wellness and with the mask regulations loosening it's time to show off your smile. Call your dentist today to schedule your checkup and show off the most important part of any outfit, your smile.

Happy Dental Health Month!!

Every May, as the flowers are blooming, the Administration for Community Living (ACL) leads the nation's observance of **Older Americans Month (OAM)**. In 2022, the ACL will be focusing on aging in place – how older adults can plan to stay in their homes and live independently in their communities for as long as possible.

**The 2022 theme is *Age My Way***, an opportunity for all of us to explore the many ways older adults (especially ourselves as we age) can remain in and be involved with their communities.

To start the discussion on planning, participation, accessibility, and making connections, which all play a role in aging in place, I'd like to talk about advance care planning. Actually, to be more specific, the **Health Care Proxy** form used here in our area and throughout New York State.

Cont. page 14

## HEALTH CARE PROXY

(1) I, \_\_\_\_\_  
hereby appoint \_\_\_\_\_  
(name, home address and telephone number)

as my health care agent to make any and all health care decisions for me, except to the extent that I state otherwise. This proxy shall take effect only when and if I become unable to make my own health care decisions.

### (2) Optional: Alternate Agent

If the person I appoint is unable, unwilling or unavailable to act as my health care agent, I hereby appoint \_\_\_\_\_  
(name, home address and telephone number)

as my health care agent to make any and all health care decisions for me, except to the extent that I state otherwise.

### (3) Unless I revoke it or state an expiration date or circumstances under which it will expire, this proxy shall remain in effect indefinitely. (Optional: If you want this proxy to expire, state the date or conditions here.) This proxy shall expire [specify date or conditions]:

### (4) Optional: I direct my health care agent to make health care decisions according to my wishes and limitations, as he or she knows or as stated below. (If you want to limit your agent's authority to make health care decisions for you or to give specific instructions, you may state your wishes or limitations here.) I direct my health care agent to make health care decisions in accordance with the following limitations and/or instructions (attach additional pages as necessary):

In order for your agent to make health care decisions for you about artificial nutrition and hydration (mouth/feeding and water provided by feeding tube and intravenous line), your agent must reasonably know your wishes. You can either tell your agent what your wishes are or include them in this section. See instructions for sample language that you could use if you choose to include your wishes on this form, including your wishes about artificial nutrition and hydration.

### (5) Your Identification (please print)

Your Name \_\_\_\_\_  
Your Signature \_\_\_\_\_ Date \_\_\_\_\_  
Your Address \_\_\_\_\_

☐ Any needed organs and/or tissues

☐ The following organs and/or tissues \_\_\_\_\_

☐ Limitations \_\_\_\_\_

If you do not state your wishes or instructions about organ and/or tissue donation on this form, it will not be taken to mean that you do not wish to make a donation or prevent a person, who is otherwise authorized by law, to consent to a donation on your behalf.

Your Signature \_\_\_\_\_ Date \_\_\_\_\_

### (7) Statement by Witnesses (Witnesses must be 18 years of age or older and cannot be the health care agent or alternate.)

I declare that the person who signed this document is personally known to me and appears to be of sound mind and acting of his or her own free will. He or she signed (or asked another to sign for him or her) this document in my presence.

This form encourages individuals to think about what's important in life and how they want to live and die. With this form you give permission to a person you select to make medical decisions for you in the event you are unable to make decisions yourself. This form is free and can be downloaded from the NYS Dept. of Health website here:

<https://www.health.ny.gov/publications/1430.pdf>

This form does require two witnesses to sign. No lawyer or notary is necessary.

What do you want out of life? What do you want your death to look like? Start now by look at your life as a whole – beginning, middle and end. Starting this process of planning now can make the journey/adventure of life so much sweeter.
